FOR IMMEDIATE RELEASE

Burt King, the most famous political consultant in American history, announced today that he has released his brilliant unauthorized autobiography, I AM BURT KING: THE KING OF WASHINGTON.

The no-hold-barred book, which King hails “as a major literary achievement that will rock and roil the U.S. political establishment and make The White House nauseous,” is now available at Amazon.com in print and as an e-book (<http://www.amazon.com/Am-Burt-King-Washington/dp/1466486422>) – and at independent bookstores around the country brave enough to carry such a brave book about the bravery of Burt King, who has been a senior adviser to U.S. presidents, members of Congress, governors, foreign dictators and ruthless multinational corporations. King’s magnum opus features an exclusive, insider’s account of his life -- and the earth-shattering week that changed Washington and the United States forever.

Although Burt King’s ghostwriter, Randy Siegel, who only took this project on for the money, has disavowed King’s story and refused to comment, he did release the following transcript of his most recent wiretapped conversation with King.

Siegel: Hi Burt. How are you doing?

King: Not great. I'm doing my best to make the most of my days, even though I wish I were still working in Washington. An election year like this really gets my juices going.

Siegel: Are you still in touch with the President?

King: No. Haven't heard a peep from him. I realize he's really mad at me for what I did. But he could show some pity and cut me some slack. After all, he never would have been elected President if it weren't for me.

Siegel: Have you heard from the First Lady?

King: No, not at all. And I never expect to again. She's one angry woman and she probably wishes I were dead.

Siegel: Are you still bitter about what happened?

King: How could I not be? Despite what my asshole critics think, I'm human too. I have feelings just like everyone else.

Siegel: Anything you want to say to the American people?

King: Yes. I, Burt King, the King of Washington, will be back soon. Bigger and better and more successful than ever before. You have my word on it! Now, please go to Amazon and buy my book. I need the money!
